## Bolted Style 3000

\* Prices subject to change without notice

FPP's 3000 Style time capsule is designed for flat placement of documents photos and ephemera in almost any environment. It can be buried without an outer enclosure. Polishing, Preservation Kits & Laser Engraving available (See page 5)

**MATERIAL:** 304L stainless steel of .075" thickness, except for flange (1/2"), & lid (1/8").

**CLOSURE:** Blind bolt flange design with o-ring groove. Includes 12 special bolts & washers, 1 o-ring.

**CONDITIONING:** Oxygen absorbers and desiccant (included). We assume the capsule will be 3/4 full.

**PRODUCT LIFE:** Up to 100 years or more depending on placement. Designed to be re-usable.

**FINISH:** Natural

**OPTIONAL:** Polishing; Preservation Kits; Engraving

### Extra O-Rings Available

Some customers like to order an extra O-ring or two when planning for re-usability.

ITEM NO.	DESCRIPTION	PRICE
12-44812	O-ring for 12"	\$8.69
12-45214	O-ring for 14"	\$14.59
12-45616	O-ring for 16"	\$17.29

### FEATURES

- ✓ Custom heights available
- ✓ AIR-TIGHT includes formed silicone O-ring that fits into groove for secure seal
- ✓ Includes complete instructions for proper sealing

**NOTE:** Allow 7-8 weeks' fabrication time if not stock (call for availability). Size shown is with inner dimensions. Contact us for outer dimensions if desired.

\* This is also the approximate circular size for engraving within the bolted area on the lid.

# Simple Capped Style 4200

FPP's 4200 Style Time Capsule is designed for easy flat placement of documents, photos and ephemera in a moderately protected environment. It is not intended for burial without a special container. It comes with everything you need for making it airtight and dry as well as oxygen-free. We assume the capsule will be at least 3/4 full by height when calculating conditioners needed. Sizes below are INNER DIMENSIONS.

**MATERIAL:** 304L stainless steel of .075" thickness.

**FINISH:** Natural

**CLOSURE:** Silicone Sealant Kit & Instructions (included).

**AIR CONDITIONING:** Ageless Oxygen Absorbers and Desiccant (included).

**ESTIMATED LIFE OF SEAL:** Up to 65 years or more depending on placement conditions.

## FEATURES

- ✓ Can be made to custom size - call for sizes.
- ✓ Includes basic closure kit that includes sealant, oxygen absorbers & instructions.
- ✓ Add a Preservation Enclosure Kit for additional protection of contents (see page 5).
- ✓ Perfect for cornerstones, indoor placement, or moderately protected areas.
- ✓ Can be re-used.

**NOTE:** Allow 7 to 8 weeks' fabrication time if not in stock (call for availability).

\* This is also the approximate size for engraving on the lid. Longer, chest-style openings can be ordered for an additional \$70.

# Welded Closure Style 4500 + 4550

## FEATURES

- ✓ Custom sizes & shapes are available. Call for an estimate.
- ✓ All capsules include Ageless oxygen absorbers and silica gel conditioners. For customer closure style, we estimate your capsule to be 3/4 full. For factory welded closure you get the exact amount needed, no matter how empty your capsule is.
- ✓ Use a preservation enclosures kit for additional protection for contents while in storage. Estimate the size of kit needed by comparing cubic inches of each (see page 5).
- ✓ Customer closure option includes instructions for a certified welder.
- ✓ Ultimate placement can be in either a vertical or horizontal direction.
- ✓ If closure is welded properly, capsule is considered safe for burial up to 200 years or more depending upon conditions of placement.

**NOTE:** Allow 6 - 7 weeks' fabrication time if not in stock. Call (800) 786-6627: for stock availability; for a size that is not shown; and/or if you want a Full Preservation Style 4000. The same basic container is used for Styles 450xx, and 455xx. Start with the LWD column below and follow across for details.

### 450XX: FACTORY CLOSURE

Send us your items to place into the time capsule and we add conditioners to extract air, weld closed, and ship back to you for placement.

### 455XX: CUSTOMER CLOSURE

We send you the time capsule bottom and top, with welding instructions for a certified welder to close and conditioners to extract air.

40637	Book, <i>Baby's First Year Record Book</i> - for 7759J	\$10.97
40636	Book, <i>Your Baby Treasures Time Capsule: How to Preserve Lasting Memories from Baby's 1st Year</i>	\$10.97

## PRESERVATION ENCLOSURE KITS For 3000, 4200, & 4500 Time Capsules

The following kits are designed to save you at least 20% off items priced separately. Please ask for kit listing or see our website to see exact archival supplies included in each kit. If you are ordering one of our box time capsules, you may choose the next smaller kit from this list because some supplies are included with the capsules. Allow up to 2 weeks for delivery.

ITEM	NAME	VOLUME (IN <sup>3</sup> ) *	PRICE
11000	Extra Small, over 30 different items (89 in all)	About 1200	\$45
11001	Small, over 35 different items (125 in all)	About 2016	\$74
11002	Medium, over 45 different items (164 in all)	About 2304	\$90
11003	Large, over 50 different items (203 in all)	About 2880	\$121
11005	Extra Large, over 50 different items (322 in all)	About 4704	\$197

## POLISHED FINISH

If you prefer a different finish, consider polishing. Polishing makes the capsule look like an art piece and is mirror-like.

Add \$25 if you want the bottom polished. For sizes not listed, please contact us for a quotation. Allow an extra 2 weeks to delivery time for custom finished capsules.

POLISH	SIZE (CU. IN.) *	PRICE
95600	Up to 1600	\$255
95601	1601 to 2016	\$290
95602	2017 to 3528	\$375
95603	3529 to 5488	\$455

## FLAT LASER ENGRAVING

It is beautiful and easily accommodates a b&w logo or line art, as well as almost unlimited wording, but NO photos or grayscale. Lasts forever. Allow 3-4 weeks.

Priced by the area of capsule top or plate.

10-Day Rush orders available for an additional 15% of engraving cost, plus air shipping.

## LIGHT ENGRAVING

Figured by the character, basic engraving is for letters and numbers only (no logos). Because of stainless steel's hard surface, engraving onto it requires special equipment. Allow 3 weeks for basic engraving. 7-Day Rush is available for an additional 15% plus air shipping.

This engraving style is offered for small and medium cylindrical capsules only. Fonts include a Garamond plain style (shown left), Goudy, or the more informal Bernhard Tango.

### LIGHT ENGRAVING

#### for Personal & Family Capsules

EN6K	per character	\$0.95
EN6S	Setup (one time)	\$10.00

## LABELS

### INDOOR LABEL

Polyester, black on silver. Write on with permanent marker.

\* Use Length x Width x Height of capsule to get cu. in.

\*\* Use Length x Width to find square inches (sq. in)

# Time Capsule Options

## AGELESS® OXYGEN CONTROL

Ageless Oxygen Absorbers modify the atmosphere inside your time capsule to remove the oxygen in the air therein. The packs come in 300cc, 500cc, and 1000cc sizes. We've calculated the amount of air in cubic centimeters (& cubic inches) that the amount will protect. You only need to figure the amount of your own void or amount of air left over after filling, and match that amount with the right number of packets of Ageless. We use MVP

storage bags to pack them. Complete instructions included, along with the exact way to calculate what you need.

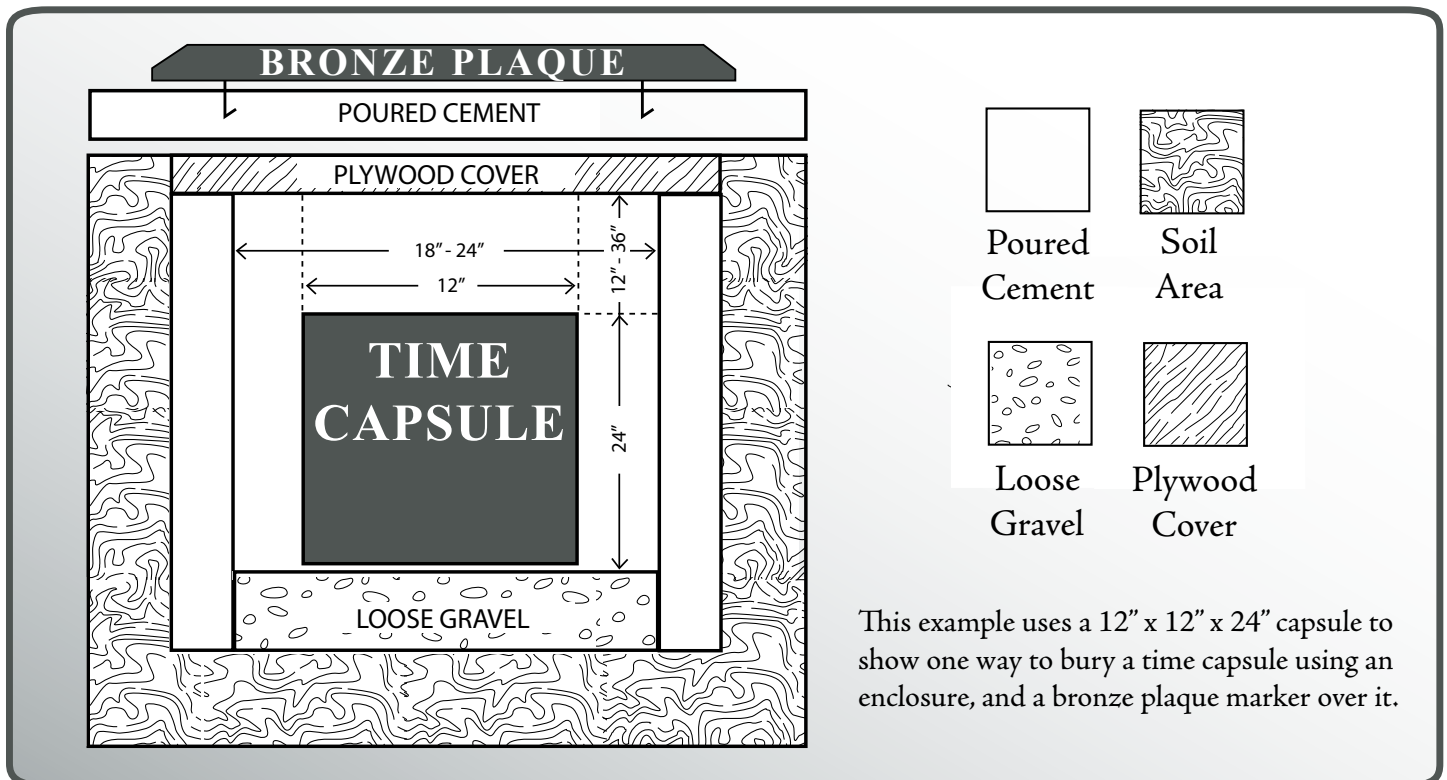

ITEM	SIZE	PKG	O <sub>2</sub> REMOVAL	TOTAL CONDITIONING	PRICE
56302	O-300	2	600 cc	3,000 cc (183 cu in)	\$3.00

## MVP™ STORAGE BAGS

Made of exact specifications to meet very low MVTR (moisture vapor transmission rate) and low OTR (oxygen transmission rate) so that when an item is sealed inside, no air or moisture gets inside. Each order comes with one set of instructions, practice material and silicone release paper for sealing with a common household iron.

## SIMPLE SIGNATURE SCROLLS

The Signature Scroll is used to commemorate a special event such as an anniversary, a time capsule dedication, a memorial event, a wedding, a reception, a retirement, a merger, a fund-raiser, a reunion, a political petition, or just any special sign-in! All ceremonial scrolls include one archival black pen, acid-free buffered tissue & festive ribbon. The paper we use is PermaDur®, a 25% cotton - 20 lb. bond that is guaranteed to be acid-free, lignin-free and buffered. Properly stored, this paper will last up to 300 years or more. Scrolls come rolled with simple tissue protective covers.

**SIMPLE SCROLLS** have seamless paper and no ends. Scrolls are wrapped in acid-free tissue and tied with a ribbon. You can do your own calligraphy on them.

BLANK	"SIMPLE SCROLL"		CAPACITY*	
	6 FT (72")	9 FT (108")		
x 14"	19164 \$35.97	19149 \$45.97	168-336	
x 20"	19160 \$39.97	19209 \$49.97	240-480	
x 24"	19460 \$49.97	19420 \$59.97	300-600	

\* Number of signatures per scroll is based on a signature of approximately 2" x 3" & results will vary.

## AIR DRYING SILICA GEL & DESICCANT CONDITIONERS

Paper (as well as air) contains moisture, which must be controlled during storage in a closed container.

ITEM	DESCRIPTION	PROTECTION (CU. IN.)	SIZE	EACH
56602	2 gram package Silica Gel Sorbit	86	7/8" x 2 1/8"	\$0.45

11035	Small Conditioning Kit w/ 10 g Silica Gel + 600cc Ageless O2 Absorbers			\$4.50

## Our Time Capsules

Yes, we have several styles of Time Capsules available today, but don't let it be confusing! The biggest difference is the shape of time capsule. You'll want to choose either a *cylinder* or a *box* shaped time capsule. Another difference is how the time capsule seals and how long it is expected to last under the conditions you give it. Think about it. Where will you place the capsule? How involved do you want to be in its sealing? How tight is your monetary budget? When did you wish it to be opened?

### BOXES

Of all our capsule designs, the *Bolted Time Capsule* (Style 3000) is the best that we offer. It is appropriate for burial of up to 150 years or more, and needs

no special vault enclosure. It is nice looking and sturdy, and its design allows simple yet secure closure by you. The next most popular design is our *Simple Capped Time Capsule* (Style 4200). This affordable design has an attached cap and body that are sealed via non-corrosive silicone sealant (included). When placed inside of a building or other semi-protected area, this capsule may be all you need, and the estimated life of this capsule's seal is 50-75 years or more, depending upon placement conditions. The style is most popular for use in cornerstones, since we can make it to most any odd cavity size. The *Welded Closure Time Capsules* (Styles 4500, 4550) differ from the simple capped in that their ends must

be professionally welded on. With a simple and straightforward design, they come in a variety of sizes and can be customized. The capsules provide safe protection for periods up to 500 years or more, depending upon placement conditions. In most cases, we can customize the size of this style. All box time capsules come standard with a natural finish, but you can order a polished finish as an option.

### CYLINDERS

For smaller placement, consider one of our pre-made Cylindrical Time Capsules. Made of stainless steel and already polished, they measure 6"d x 24", 5 1/2"d x 22", 7 3/4"d x 9", and 3 1/2" x 11 3/4". Add a sealant kit if you bury it.

### IDENTIFICATION OPTIONS

We can engrave or mark the time capsule lid for a permanent commemoration. Lids of our Cylinder style time capsules are engraved simple drag engraving or a laser marking style of engraving. The lids of our Box time capsules are laser marking engraved.

### PLAQUES MARK THE SPOT

Cast or Etched Metal Plaques provide identification and/or commemoration. See separate price listing.

### PRESERVATION KITS

To keep items separate inside of the time capsule and to assure mint condition, consider an enclosure kit.
