

# PRESERVATION KITS

## *Family & Individual Line*

As many of you already know, our main business is time capsules and the preservation of contents inside of them. Here are our "Time Capsule Preservation Kits Contents".

All items are Acid-Free & Lignin-Free, and some have additional pH buffering protection. No PVC or harmful plastics. Adhesives used, if any are pH neutral. The kits don't include sealant, because sealing methods vary.

*Mr. & Mrs. Future Time Capsule w/Kit*

\* All Arnold kits include guidelines for preservation & kit instructions

### ARNOLD'S DOCUMENT STORAGE KIT (11759)\*
