

## PRESERVATION KITS (K0 - K7)

*Each kit comes with:*

- ♦ Preservation Instructions
- ♦ Preservation Tips
- ♦ Sample MVP, Sealing & Instructions (because all kits contain the MVP bags)
- ♦ "How to Preserve Newspapers" Booklet

As many of you already know, our main business is time capsules and the preservation of contents inside of them. We've offered these kits for a long time, but many of you have requested to know what's inside as well as the price. So, here are our "Time Capsule Preservation Kits" with contents listings. All items are Acid-Free & Lignin-Free, and some have additional pH buffering protection. Please note that we may change some of the contents slightly but we promise you'll always get at least 20% savings (that's our goal). The amount of absorbent chemicals is figured on a time capsule container that is at least 3/4 full. For very empty time capsule containers, you may need more than we give you in the kit. The kits don't include sealant, because sealing methods vary. Choose from the standard silicone sealant or the sealant with wax kit (sold separately).

■ **K0, Extra Small Time Capsule Kit**, suggested for protection of up to about 1,000 cubic inches in a rigid airtight container, No 11000

■ **K1, Small Time Capsule Kit**, recommended for protection of up to 1728 cu. inches in a rigid airtight container, No 11001

■ **K2, Regular TC Preservation Kit**, for protection in an airtight rigid container of up to 12x12x16" size or 2,304 in<sup>2</sup>, No 11002

■ **K3, Medium TC Preservation Kit**, recommended for protection of up to 12x12x20" or 2880 in<sup>2</sup> in an airtight rigid container, No. 11003

■ **K4, Large Capsule Preservation Kit**, for rigid, airtight containers up to 12x12x24" or 3456 cu in, No. 11004

■ **K5, Extra Large Capsule Preservation Kit**, For rigid, air-tight containers up to 14x14x30" or 5,880 in<sup>2</sup>, No. 11005

■ **K6, Mammoth Time Capsule Preservation Kit**, for rigid, air-tight containers up to 16x16x30" or to 7680 in<sup>2</sup>, No. 11006

■ **K7, Godzilla Time Capsule Preservation Kit**, for rigid airtight containers up to 16x16x34" or 8700 in<sup>2</sup>, No. 11007
