FUTURE PACKAGING & PRESERVATION

2019 Catalog

Prices subject to change without notice

Time Capsules + Options

Whether it's a heavy duty box you need or a simple cylinder, you'll find our stainless steel time capsules to be of high quality yet affordably priced. All time capsules come with instructions, all of our current info pamphlets & tips for burial.

Time Capsule Boxes

The most popular design is our Simple Capped Time

Capsule. This affordable design has an attached cap and body easily sealed with the included kit. When placed inside of a building or other semi-protected area, this capsule may be all you need, and the estimated life of this capsule's seal is 75 years or more. With common sense precautions, it can also be buried. Be sure to follow all instructions that come with the time capsule when you order it. The boxes come with a satin finish and ship right away.

If you have rougher than usual conditions, our Bolted Time Capsule can be buried up to 100 years or more. It is reusable and needs no special vault enclosure. Its design allows simple yet secure closure by you. Allow 8 weeks fabrication time for this capsule.

Family Time Capsules

For smaller placement, consider Future Line Time Capsules. Available in these sizes: 6" diameter by 24" (2 feet) tall or 5½" diameter by 22" tall. Choose from the Basic Time Capsule with sealant or the Bundle which includes time capsule & sealant plus matching preservation kit & oxygen removal.

Easy Packages

Packages include not only the time capsule, preservation and sealing kits, but they also include a cast plaque marker. Easy packages are easy to order and save 10% off ordering items separately.

Outdoor Quality Plaques

Commemorating the placement of your time capsule is important. People tend to forget about time capsules until it's too late to find them again. A cast bronze or aluminum plaque is a practical and inexpensive way to mark the spot. See page 11 for more information on plaques. Artwork guidelines are on page 5.

Preservation Kits & Supplies

Museum quality enclosures for your time capsule items are relatively hard to find, and over the years we have chosen our supplies from archival suppliers in the USA. We use principles of conservation in designing our preservation kits, and we strive to save you money if you buy them. See kit pricing and details on pages 6 & 7. Archival supplies for the kits are available for purchase separately (see pages 8 through 10). Contents of our kits have changed over the years, due to customer feedback. Need more of an item or size? We welcome your comments.

Engraving

Engraving a time capsule container is a way to personalize it. We engrave the time capsule lid. Engraving is a beautiful option and is often chosen when the time capsule is placed on display. Our laser engraving is long-lasting and permanent, even for buried time capsules. By marking the time capsule with your personal message, you help identify it for future recipients. See page 5.

Books & Information

Because the majority of our customers have never done a time capsule project before, much of our service is information. Towards this end, we publish leaflets, booklets, books, and a blog to help you think about and decide what you want in a time capsule. See page 6 for our books listing.

Some Things to Consider

Shape. You'll want to choose either a cylinder or a box shaped time capsule. Boxes have more cubic volume, but cylinders are less expensive.

Length of Interment. How long any time capsule will last is a function of its placement as well as other things. Where will you place the capsule? Use practical considerations when burying a time capsule - and yes, you can bury our time capsules safely.

Money. How tight is your budget? Do you need \$ for the event too (e.g., tablecloths, ice cream and cake)?

Involvement. How much of your life will be spent doing the time capsule project? Will you have help (a committee)?

Opening. When did you wish it to be opened? By whom?

Marking the Spot. To make sure your time capsule is remembered at the time you wish, make a plaque and use some planning to make sure it's remembered. We offer cast aluminum or bronze markers. Don't take the chance of your time capsule being forgotten. Mark the spot and register your time capsule.

BOLTED TIME CAPSULE 3000

- ✓ Best Time Capsule Container 100+ year Placement
- ✓ Easy to Use & Reuse
- ✓ Easy to Bury
- ✓ No Vault Needed
- ✓ Special Airtight Design
- ✓ Includes Warranty
- ✓ Does not need burial vault

Our Bolted 3000 time capsule is designed for flat placement of documents photos and ephemera in almost any environment. It is easy to close and seal safely and can be buried without an outer enclosure or vault.

MATERIAL: 304L stainless steel of .075" thickness, except for flange (1/2"), & lid (1/8").

CLOSURE: Blind bolt flange design with o-ring groove. Includes 12 special bolts & washers, 1 formed silicone O-ring.

CONDITIONING: Oxygen absorbers & desiccant included

PRODUCT LIFE: Up to 200 years depending on placement.

RE-USABLE: YES

FINISH: 2B/Shined Welds

OPTIONAL: Preservation Kits (pp 6-7); Engraving (p 5)

NOTE: This is a special order item. Allow 6 to 8 weeks' fabrication time. Sizes below use inner dimensions. To figure outer dimensions, add an inch to the Height and 1/4" to the Length & Width. Each bolted time capsule comes with a limited warranty.

ITEM	NAME	VOLUME (CU. IN & CU. FT)	SIZE L X W X H	OPENING*	PRICE
31212	Chairman	1728 1	12" x 12" x 12"	9.25"	\$910
31214	Reunion	2016 1.17	12" x 12" x 14"	9.25"	\$992
31216	Artist	2304 1.33	12" x 12" x 16"	9.25"	\$1074
31220	Farmer	2880 1.67	12" x 12" x 20"	9.25"	\$1238

* This is also the approximate circular size for engraving within the bolted area on the lid.

Bolted Time Capsule 3000 Box

Stainless steel time capsule with special closure design. To figure outer dimensions, add 1" to height and 1/2" to L & W.

Give a Gift to the Future with an Extra O-Ring

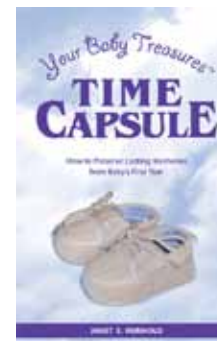

Add an additional o-ring to be placed inside of your time capsule as a gift to future recipients. This makes it easy for them to use the same time capsule again without having to hunt around for the right size & kind of O-Ring.

12-44812	O-ring for 12"	\$10
12-45616	O-ring for 16"	\$19

Laser Engraving for Time Capsules

ENGRAVED TIME CAPSULES

Beautiful & meaningful, engraving makes the time capsule your own. It gives the time capsule a permanent commemoration. We offer laser engraved marking for all the lids of our time capsule containers.

LASER MARKED engraving easily accommodates a b&w logo or art, this engraving style also can fit almost unlimited wording (no photos or grayscale). Our laser is black and a high quality marking that lasts 300 years or more. Allow 3 weeks after proof approval. Priced by the area of capsule lid.

ARTWORK GUIDELINES

Just have wording you'd like us to place for you? That's easy - just send in email or text file at the time you order! We'll help you with fitting the words. If you have a logo or picture, however, certain rules and restrictions may apply.

For Engraving & Plaques

Use a vector graphics program to create. Submit in *.ai, *.eps, *.pdf or *.cdr file format (see below). For both engraving and cast plaques, to avoid additional charges for graphics work:

- ✓ B/W: All files in black and white only in CMYK color mode
- ✓ Plain Line Art: no halftones or screens
- ✓ Vector: Editable vector format is needed for engraving & plaques. If your logo or picture is not in this format, and we need to create it, there's an additional charge (\$75 per hour minimum). If you have the right files, please save it in one of these formats, PC preferred:
 - ♦ Adobe Illustrator - CS 5 or below (*.ai) file
 - ♦ Corel Draw - X5 or below (*.cdr)
- ✓ Note: EPS files are acceptable in editable vector format only
- ✓ Special fonts: All fonts must be converted to curves or outlined. We have most basic fonts. If you wish us to choose a similar font to yours, send a sample. We will type it out for your proof.
- ✓ Include a PDF of your work.

When you order laser engraved marking for the time capsule lid, we send you a proof drawing to approve. When you order a metal plaque, we send a drawing proof plus a specifications sheet to approve. Please sign these items so that we may proceed with production. Please send all artwork, questions, and approvals to graphics@futurepkg.com

PRESERVATION KITS

To keep items separate inside of the time capsule and to assure mint condition, you need enclosures that won't harm your items. Simple to use, our preservation enclosure kits combine typical items needed for most common time capsule projects. Archival envelopes, photo safe sleeves, tissue, pens, paper and specialty bags are detailed on the next page. Kit contents are based on feedback from customers as to what came in handiest for their projects. All enclosure items are Acid-Free & Lignin-Free, and some have additional pH buffering protection to assure longevity. All kits are designed to save you at least 20% compared with purchasing items separately.

FOR LARGER PROJECTS

ITEM	NAME	VOLUME (cu. in.)	PRICE
11000	Basic Preservation Kit. Best preservation kit to get if you want a starter kit. Use for Time Capsules having up to 70 items or for sizes up to 8x10x18" & 12x12x16" (about 2700 in3). If you need a price for a different size than you see here, please call our office. Many other sizes are available! Special requirements apply to artwork as follows:

Note: On your proof, Black represents a raised area (i.e. letters) and raised border, so this is where your metal will show through. White represents a recessed area and will be the background color that you choose. Special requirements apply to artwork as follows:

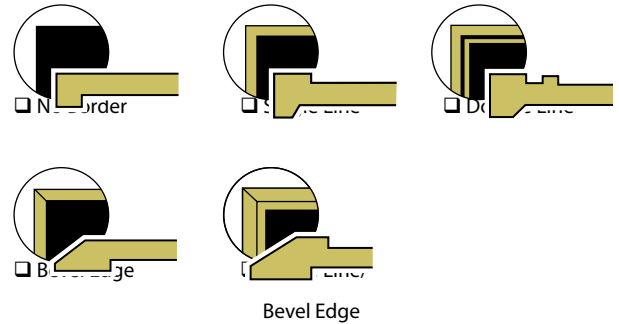

- ✓ Raised Text minimum height requirement is 3/8" for capital letters and 1/4" for lower case letters.
- ✓ Tracking or Kerning should be at 100% and no less than 80%
- ✓ Letters within a layout should not touch Lines
- ✓ Space Between: Typesetting must allow at least 1/16" white space between letters & lines
- ✓ Line stroke in letters and artwork can be no smaller than 1/16" or 4 pts thick.
- ✓ Lines close together are acceptable using 2 to 3 points

Send your artwork to graphics@futurepkg.com in a vector file, black & white, in Illustrator 15 or below or in CorelDraw (*.ai, *.cdr)

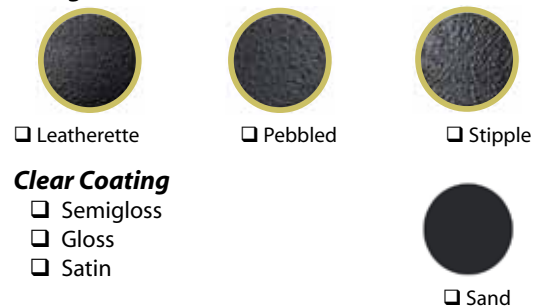

* Note: All plaques above except those noted by * are 1/4" thick. The * noted plaques are 5/16" thick.
